NO BETTER TIME THAN NOW TO LEARN THE FUNDAMENTALS OF ANTI-RACISM

Leading DEI and Anti-Racism training firm offers “Anti-Racism 101” course for “FREE” during Black History Month 2023

Houston, TX -- Master Trainer TMR & Associates, LLC offers one of its worldclass Diversity, Equity, Inclusion, and Anti-Racism on-demand courses for “free” or more accurately on a “pay-what-you-want” basis with all proceeds benefitting the NAACP Legal Defense Fund (LDF), a 501(c)(3) nonprofit organization.

During Black History Month, anyone, anywhere with a browser and internet can enroll for free, complete the course, earn a certificate, and then pay whatever they want for [Anti-Racism 101: Fundamentals of Anti-Racism \(PWYW\)](#).

“Enrollees will be able to understand why it’s important to talk about race, think more objectively about racism, and distinguish non-racist from anti-racist,” said Theresa M. Robinson, Founder and President of Master Trainer TMR. “Sadly, racism remains an epidemic in much of the world. I’m so blaxhausted™ hearing about Black people being murdered by police, being villainized by elected officials, being pillaged by corporations, and being white-washed in history books. So, two of my company’s 2023 goals are to reach as many people as possible with anti-racism education and to support others doing anti-racism and justice work.”
